JENNINGS AT FRANKLIN

Aubrey and His Army Resting and Feasting at Muncie.

General Sweetland Locked Up on the Arrival of His Division at New York -Kelly's Boats Almost Completed.

Special to the Indianapolis Journal. LAPORTE, Ind., May 8 .- Acting on instructions from the Common Council at a special meeting, last night, Mayor Scott and Chief of Police Purcell, backed by a squad of twenty-five policemen, all heavily armed, met the Randall army of commonwealers at the city limits this morning and forbade them entrance to LaPorte. A cordon of officers was formed across the road and the army halted while General Ranfall and the Mayor held a conference. The former and his officers grew abusive and declared they would enter the town at all hazards. Thereupon General Randall, Col. Hoeffler, Major Lynch and Sergeant-major Gibson were arrested and hustled off to fail, where they are now confined awaiting trial to-morrow. Seeing that their leaders were gone, the army decided to go around the city and camp in Morrison's woods, three miles out of the city, where they proceeded under command of Captain Leonard, of Company A, and Dr. Frank Shaeffer, the army physician. The city authorities furnished a day's rations for the army. The Sullivan wing of the army, which mutinied at Valparaiso, passed around this city in advance of the main body and created no trouble. It is now in St. Joseph county. Mayor Scott declared LaPorte quarantined against the army on account of the rumored presence of smallpox, or exposure thereto among the soldiers. In arresting the leaders he acted on the authority of the State law governing such cases. Two of the commonwealers were this afternoon taken to the county asylum, being ill with fever which, it is feared, will develop into some contagious disease. The two armies are being rapidly depleted by desertions and Randall's division now numbers 284 instead of the 550 that left Chicago. Thirty-three have de-

Special to the Indianapolis Journal. FRANKLIN, Ind., May 8 .- "General" Jennings, with his army of commonwealers, marched into Franklin at noon today. They were covered with dust by their ten-mile tramp from Greenwood, but they shuffled along at a lively pace. They reconnoitered in front of the courthouse, but soon reformed and marched to Davis's brick yard, where a dinner of soup and bread was served. They have rented the opera house, where they will spend the night. A parade was indulged in this atternoon and again at evening. At the close of the evening parade the army marched to the opera house, where the "Hoosier Kid" delivered an address. They will not receive a great amount of sympathy in Franklin, although a few indi-viduals have interested themselves in their behalf. At their evening parade they were preceded in the march by a large number of young men and boys from the town, who, with drmus and horns, added to the confusion and noise made by the martial band. The affair is looked on much in the light of a huge burlesque. "General" Jennings announces that he will remain here with his troops until Thursday merning, when he will resume his march to the Ohio. Some recruits were added to the army at Greenwood, but none have yet been announced from Franklin.

General Aubrey's "Angel." Special to the Indianapolis Journal. MUNCIE, Ind., May 8 .- Several thousand people assembled on the public square tonight to witness the parade of General Aubrey's branch of the General Fry commonwealers. The brown-skinned soldiers tramped it to Muncie from Yorktown this morning, arriving at 9 o'clock. They had a large wash boiler and about twenty peach cans with the tops cut out, about a dozen blankets and a large national flag. This comprised the outfit of the army. They went into camp west of the city. They got a fairly good breakfast at 6 o'clock, but late this evening had not had anything to refresh them after their six-mile walk from forktown. The committee whose duty it It is to secure provisions has not succeeded very well in Muncie, while General Aubrey could not even secure a half in which to lecture. They say at Anderson which to lecture. They say at Anderson several kegs of beer were offered them in camp, but it was refused. The army reports four additions here, making the total number now enrolled forty.

Frederick H. Fox, a wealthy Chicago window glass broker, and secretary of the Manufacturers' Association, gave General Aubrey \$50 with which to buy clothes and provisions for his men and help them to Washington. Aubrey rode several miles from Anderson in a buggy with Mr. Fox.

SWEETLAND ARRESTED. A Connecticut "General" in a New

York Police Station. NEW YORK, May 8.-Fifty-nine of the sixty Coxeyites who form General Sweetland's Connecticut division of the army, arrived at the People's party headquarters to-night. Police Superintendent Byrnes compelled them to abandon the march in a body from the Harlem river to East Tenth street, and, to make matters worse, they had no commanding officer, for General Sweetland was arrested by Captain Thompson at the Tremont station, where he was confined for the night. The General insisted on his rights as a citizen, and wanted to fly the American flag, but he was made prisoner. The Captain insisted on the flags being furied, and they were furled.
He, however, consented to allow the army
to walk in groups through the streets. In
this manner the men reached East Tenth
street. As soon as they had crossed the
city line a mounted policeman rode up and ordered them to break ranks and furl their flags. He placed the General under arrest, saying: "I have been watching for you."
The officer had received orders from Capt.
Thompson. General Sweetland went to the station house and the men proceeded. They reached the headquarters of the People's party about 7 o'clock, and a good meal was

provided for them.

The utmost indignation was exhibited by the members of the People's party when the news was made known. A meeting of the State committee was at once held, and resolutions expressive of great indignation were passed. The Central Labor Union passed similar resolutions. The contingent will leave for Washington Thursday. Tomorrow a mass meeting will be held at

headquarters of the People's party and will be addressed by General Sweetland after he released, and by other prominent men.

The Dolphinites Hoaxed. SPOKANE, Wash., May 8.-The Spokane industrial army, under the leadership of Dolphin, is camped at Hillard. General Dolphin claims that the report that transportation had been secured was a hoax, and the men are growing dissatisfied. Stragglers from Seattle and Tacoma are dropping in all the time, and more will be here in a few days. The corps of deputy sheriffs at Hillard has been reduced to

sixteen. Everything is quiet. There is no truth in the rumors of trouble at Sprague between commonwealers and deputy marshals. When the stock train pulled pulled out of there to-day, with deputies on board, some of them fired shots in the air to frighten back men trying to climb' aboard. The crowd bad cleared out of Sprague, some of them catching freight trains and some tramping out. Six or seven hundred men are strung along between Ellensburg and Sprague.

Kelly About Ready to Sail. DES MOINES, Ia., May 8.-General Kelly's boats are almost completed and the navy has fixed upon 9 a. m. to-morrow as the time for making a start from Des Moines. The men have food enough for three days. Oskaloosa will send 1,000 loaves of bread and coffee and meat besides. The men continued building barges and claimed to have 125 completed up to 6 o'clock. The crowds in the camp have been large all day, and there has been much speaking by Colonel Speed and others. The barges are all being fitted up with oars and adorned with flags and banners of all kinds and sizes. The only notable event has been the quarrels between General Kelly and the local Populists, headed by General Weaver General Kelly in an in General Weaver. General Kelly, in an interview in a local paper, says they have "queered" him with the real laboring men.

Robbed by Its Leaders. SACRAMENTO, Cal., May 8 .- The industrial army camped at Sutter's Fort expected to move eastward on a train at 4 o'clock this afternoon, but was disappointed, as "Colonel" Carpenter, alias Inman, and Captain Logan, custodians of the funds, amounting to \$300, cannot be found. It is thought they have decamped. Inman is an ex-convict. The army has not yet decided what action it will take, whather to start Wast on fort will take, whether to start East on foot or to return to San Francisco.

Must Be Plutocrats.

ST. LOUIS, May 8.-Another Coxey army was organized here to-night. W. C. Robinson is the leader of fifty men, who declare they are hinest laborers. They will leave here Saturday for Washington, but, unlike their comrades in other parts of the coun-try, will pay their way and ride in the car.

Alleged Ice Trust. NEW YORK, May 8.—The World to-mor-row will say: "A gigantic ice combine has been formed of all the New York and Brooklyn ice companies, except the Knick-erbocker company, and it is understood that the Knickerbocker is practically within the fold. The new combine is known as the National Ice Company, and its president is Charles W. Morse, the erstwhile ice king of Maine. Some idea of the magnitude of the trust may be gathered from the fact that during the summer season about 3,000,000 tons of natural ice are consumed in New York city. The National Ice Company, represented by Mr. Morse, and the Knicker-bocker company have already garnered the ice crop on the Hudson. They say they have only 2,500,000 tons in storage, and that the prospect for the summer is of the gloomiest character. This means, of course, that the people, although they are now paying a big price for ice, may look for a series of advances in the price of this ne-

cessity this summer, as the combine will regulate prices for itself and dealers." Fighting New York Banks. TOPEKA, Kan., May 8.—State Bank Commissioner Breidenthal has issued to the State and private banks the following: "I am informed that New York banks require banks who borrow of them to sign notes payable in gold. In this connection I desire to call your attention to Chapter 99, of the laws of Kansas, of 1893, and request that hereafter all banks under the control of this department refrain from signing any note or other obligation payable in anything other than lawful money of the United States." Chapter 99 is the act prohibiting contracts to be made in gold or other money than the lawful mon-

ey of the United States. Race War Imminent. MEMPHIS, Tenn., May 8.—Reports from Hill House, Cohoama county, Mississippi, are to the effect that serious race trouble is imminent. A white planter named Lom-bard interfered and prevented a mob of negroes from lynching one of their own color. Since then his gin house and other buildings have been burned and, at pres-ent, both sides are armed and the blacks are swearing vengeance. The place is re-mote from railroads and telegraphs and the blacks number about fifteen to one

Investigation at Homestead. PITTSBURG, May 8.—Captain Sampson, Lieutenant Ackerman and Professor Alger, the board appointed to investigate the charges of armor-plate frauds at the Car-negie works, arrived from Washington today and are now at Homestead. The sessions of the board will be secret. Capt. Sampson expects the board will remain in Pittsburg and Homestead for a week or ten days. The report on these charges is not to be ready until Secretary Herbert returns from the Pacific coast the first week in June.

May Reach \$100,000. SEDALIA. Mo., May 8.-United States Attorney Walker says that, at this time, it is impossible to approximate the defalca-tion of Cashier Thompson, of the failed First National Bank, there being so many ise entries on the bank books that it will be some time before the examiner can de-termine what is fictitious and what is genuine. In answer to the question whether it would amount to \$100,000 or more he said it looked as if it would, but could not say what the outcome would be. Thompson has

Croker Wants to Go on the Turf. NEW YORK, May 8. — Richard Croker said to-day that the published reports that he was going to retire from the leadership of Tammany Hall was correct. He could not stand the strain. He had been thirty years in harness, he said, and now wanted to rest. About the turf he said: "Relief from the turf? That is the last thing I intend doing. Why, I want to get time to go on the turf. I do not intend to sell my stud."

The Roman Stripe.

The very new necktie is the "Roman Stripe." The west show window at Paul H. Krauss's furnishing store is filled with these novelties in various shades, made up in four-in-hand scarfs and bows. They are a big attraction for the crowds. The Club string tie, in silk and wash goods, is an-other popular fad that catches the gentlemen of aesthetic taste. ANOTHER GAME LOST

Hoosier Pitchers Unable to Cope with Grand Rapids Hitters.

Gayle Did Better Yesterday, but the Old League Batters Found the Ball When They Wanted It.

Special to the Indianapolis Journal. GRAND RAPIDS, Mich., May 8 .- The home team made it three straight by winning to-day's game from Indianapolis. The visitors were in better form than in the preceding games, but not quite strong enough to win. Gayle pitched a fair game, and kept the hits pretty well scattered. Umpire Mitchell was disposed to be fair and did not give Grand Rapids the best of it, as he did on Monday. A bad throw to the plate by Caruthers secured two runs in the first inning for Indianapolis. In the third, muffs by George and Wright and a beautiful single by Leidy gave the visitors one run. In the fourth, Caruthers fumbled the ball on first, giving Gayle a life, and Plock sent him home with a fine twobagger. A single by Graham and a double by Gray scored Plock, but Leidy hit a ground ball, retiring the side. Thereafter Parker held the visitors down to three hits, and no one passed second base. Grand Rapids scored in nearly every inning by hard ball playing. In the seventh, Carroll hit the ball over the fence for a home run, making the longest hit of the season. Attendance, 1,000. There was an element of luck in the game when a ball from Stewart's bat passed Mc-Guire and went through a hole in the fence, making a home run. There were no features aside from the spiendid base running of Hogriever. The locals had a chance to tie in the ninth, but Werden was not equal to the emergency. Attendance, 2,500. Score:

DEVENEY RELEASED. Sharsig Sends Some Words of Cheer

-Negotiating for New Players. Manager Sharsig telgraphed here yesterday that Deveney had been given his five days' notice, and that a new shortstop would join the team very soon. He did not reveal the identity of Deveney's successor. Cross, Murphy and Henry will join the club at Detroit to-day. Sharsig writes that umpire Mitchell lost them the 4 to 3 Toledo game, and that it was owing to his decisions Grand Rapids made most of those eight runs in the third inning of Sunday's game. He says he doesn't like to raise the umpire cry, but that Mitchell certainly did lay them out cold on all occasions. He is confident the team will pull out of the rut in a few days and do good work.

The game with Toledo here next Saturday will be called at 3:15 in order to let both clubs get away at 6:30 for that city, where they will put in a Sunday game, returning

to Indianapolis for the regularly scheduled contests Monday and Tuesday. Negotiations are pending for several good players, and the management declares that the team will be made a winner if material can be secured to make it so. Perry Werden, recently released by St. Louis, is not playing in the Southern League, as reported, but with Minneapolis. He is covering first, and putting up a great game, both at the bat and in the field. A little hustling would have secured him for Indianapolis. As before remarked, a few ex-League players would help the local team out of the hole, but there seems to be no effort to se-

cure them. . NATIONAL LEAGUE.

Patton, Ill. *C. I. Hood & Co., Lowell, Mass.: "Gentlemen: - I am very happy to write to you that I have been taking Hood's Sarsaparilla for catarrh with great success. I have been troubled with this complaint for over ten years, with dull headache nearly all the time. After taking three bottles of

Hood's Sarsaparilla, I am cured of catarrh and clear of the headache. I was also troub-led with a scalp disease, which was very

annoying, four or five years. Since taking Hood's Sarsaparilla I do not have any trace of this trouble. I sleep well, have a good appetite and feel strong, quite in contrast to my feeling before I began to take this good medicine." J. M. CARNAHAN, Patton, Ill.
